DETAILED ACTION

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance.

Claim 1 has been amended to require digestion of RNA and alkaline phosphatase conjugated probe with the label being AP substrate Fast Red. Claims 27-28 are directed to identifying the position of a nucleic acid and has been further amended to require alkaline phosphatase conjugated probe with the label being AP substrate Fast Red.

Upon review of the arguments presented and the newly amended Claims, the claims are neither taught nor suggested by the prior art. The rejections of record fail to teach or suggest the use of the AP substrate Fast Red for visualizing AP-conjugated probes. Furthermore, while each of the pieces of the claim may have been known, the combination of elements is novel and unobvious over the prior art.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Jeanine Goldberg whose telephone number is (571) 272-0743. The examiner can normally be reached Monday-Friday from 7:00 a.m. to 4:00 p.m.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gary Jones, can be reached on (571) 272- 0745.
